

SERIE ENLAZADA DEL PRODUCTO Y LA RENTA DE LAS AUTONOMÍAS ESPAÑOLAS. AÑOS 1985 A 1998

Julio ALCAIDE INCHAUSTI

La presente serie enlazada 1985-1998 es continuación de la serie enlazada de los años 1985 a 1997, recientemente publicada por FUNCAS. Se han ajustado los datos de la población residente en el 1.º de julio de los años 1994 a 1997, como consecuencia de la incorporación de los nuevos datos oficiales de la población española referidos al 1 de enero de 1998. No se han modificado los datos de la población activa, parada y ocupada, en la medida en que las correcciones sobre la población anteriormente estimadas han sido mínimas. Si el INE modificara los resultados de las encuestas de población activa, se procedería en consecuencia.

Los datos económicos del período 1985-1997 se mantienen en la forma anterior. Los correspondientes a los años 1985 a 1993 se consideran definitivos, siendo provisionales los de los años 1984 a 1998, hasta que por la Fundación BBV se publiquen los definitivos de los años 1995 y siguientes.
